

JournoTECH

Community of Practice Model

— Different sectors. Shared values. Stronger together. —

A collaborative ecosystem that connects people, knowledge and resources to build trusted, ethical, secure and responsible technology for the public good.

WHAT IS IT?

A global network of organisations and individuals who learn, share and collaborate to apply the JournoTECH Framework, solve real-world challenges and continuously improve together.

OUR PURPOSE

- ✓ Share knowledge and experience
- ✓ Build capacity and skills
- ✓ Collaborate on solutions
- ✓ Influence policy and standards
- ✓ Drive responsible innovation
- ✓ Strengthen trust in technology

HOW WE COLLABORATE

SHARE
Share knowledge, resources, tools and experiences.

DISCUSS
Engage in open, respectful and constructive dialogue.

CO-CREATE
Work together on solutions, standards and innovations.

PILOT
Test ideas in real contexts and learn together.

IMPROVE
Reflect, measure and continuously strengthen our work.
